

IP2 visualization app assignment Gantt chart

Tasks number	Task description	Sub-task	Start	End	Duration	S6	S13	S20	S27	O4	O11	O18	O25	N1	N8	N15	N22	N29	D6	D13	D20	D27	J3	J10	J17	J24	J31	F7	F14	F21	F28	M7	M14	M21	M28
p-1	Study module	pre-midterm																																	
p-2	Decide on visualization	pre-midterm																																	
p-3	Study data vis-extension	pre-midterm																																	
1-1	Description, detail	App																																	
1-2	Description, detail	Extension 1																																	
1-3	Description, detail	Extension 2																																	
2-1	Functions	Extension 1																																	
2-2	Data structures	Extension 1																																	
2-3	Program flow	Extension 1																																	
2-4	Draw	Extension 1																																	
2-5	Interactivity	Extension 1																																	
3-1	Functions integration	App																																	
3-2	Data structures integration	App																																	
3-3	Program flow integration	App																																	
3-4	Draw integration	App																																	
3-5	Interactivity integration	App																																	
4-1	Data generation from code	Extension 1																																	
5-1	Functions	Extension 2																																	
5-2	Data structures	Extension 2																																	
5-3	Program flow	Extension 2																																	
5-4	Draw	Extension 2																																	
5-5	Interactivity	Extension 2																																	
6-1	Functions integration	App																																	
6-2	Data structures integration	App																																	
6-3	Program flow integration	App																																	
6-4	Draw integration	App																																	
6-5	Interactivity integration	App
